

## Before Starting the CoC Application

You must submit all three of the following parts in order for us to consider your Consolidated Application complete:

1. the CoC Application,
2. the CoC Priority Listing, and
3. all the CoC's project applications that were either approved and ranked, or rejected.

As the Collaborative Applicant, you are responsible for reviewing the following:

1. The FY 2022 CoC Program Competition Notice of Funding Opportunity (NOFO) for specific application and program requirements.
2. The FY 2022 CoC Application Detailed Instructions which provide additional information and guidance for completing the application.
3. All information provided to ensure it is correct and current.
4. Responses provided by project applicants in their Project Applications.
5. The application to ensure all documentation, including attachment are provided.

Your CoC Must Approve the Consolidated Application before You Submit It  
- 24 CFR 578.9 requires you to compile and submit the CoC Consolidated Application for the FY 2022 CoC Program Competition on behalf of your CoC.

- 24 CFR 578.9(b) requires you to obtain approval from your CoC before you submit the Consolidated Application into e-snaps.

Answering Multi-Part Narrative Questions

Many questions require you to address multiple elements in a single text box. Number your responses to correspond with multi-element questions using the same numbers in the question. This will help you organize your responses to ensure they are complete and help us to review and score your responses.

### Attachments

Questions requiring attachments to receive points state, "You Must Upload an Attachment to the 4B. Attachments Screen." Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process. Include a cover page with the attachment name.

- Attachments must match the questions they are associated with—if we do not award points for evidence you upload and associate with the wrong question, this is not a valid reason for you to appeal HUD's funding determination.

- We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).

The policy explains the purpose of reallocation: moving dollars from existing low performing projects, to create one or more new projects. Additionally, the policy lists the different categories that a new project could fall within and be funded through reallocation i.e. PSH that meets the requirements of DedicatedPLUS or new PSH projects where 100 percent of the beds are dedicated to chronic homelessness. 2./3. No projects were identified during the FY22 Local Competition to reallocate. 4. Reallocation will be considered during the next competition for the lowest scoring project on the FY21 Priority Ranking. This project was ranked for the past two competitions, and this year scored significantly lower than the other projects.

	NOFO Section VII.B.3.b.	

	In the field below:	
1.	describe actions your CoC and HMIS Lead have taken to ensure DV housing and service providers in your CoC collect data in databases that meet HUD’s comparable database requirements; and	
2.	state whether your CoC is compliant with the 2022 HMIS Data Standards.	

**(limit 2,500 characters)**

1. The CoC has one victim service provider who enters into a comparable database in the geographic area. The CoC and HMIS Leads work closely with the victim service provider and are available if the project has any problems or concerns. The HMIS Lead reviews the comparable database each time HUD releases new data standards to ensure that the database aligns with the most recent data standards. This scheduled monitoring leaves a scheduled point the CoC could assist the victim service provider in requesting changes to their system from the software vendor or to assist the provider in finding a new vendor. 2. The victim service provider receives federal funding, including ESG, and is able to run and submit the necessary reports from the comparable database. The victim service provider also submits aggregate data annually for the Point in Time Count.

2A-5.	Bed Coverage Rate—Using HIC, HMIS Data—CoC Merger Bonus Points.	
	NOFO Section VII.B.3.c. and VII.B.7.	

Enter 2022 HIC and HMIS data in the chart below by project type:

1.	steps your CoC will take over the next 12 months to increase the bed coverage rate to at least 85 percent for that project type; and
2.	how your CoC will implement the steps described to increase bed coverage to at least 85 percent.

**(limit 2,500 characters)**

The largest emergency shelter in the community does not enter into HMIS, however they are willing to provide the CoC aggregate data as necessary. The shelter provides information each year for the sheltered PIT count. The CoC has tried many different attempts to getting the information from the shelter consistently into HMIS, but these attempts have not worked. The primary reason being how the shelter is set up and the volume of people that will stay there.

The Permanent Supportive Housing section is due to the inclusion of the HUD VASH on the HIC. The VA is willing to provide data for the HIC, and the CoC Lead is working with the VA and the HMIS System Administrators to have the information from the VA uploaded regularly into HMIS.

2A-6.	Longitudinal System Analysis (LSA) Submission in HDX 2.0.	
	NOFO Section VII.B.3.d.	

Did your CoC submit LSA data to HUD in HDX 2.0 by February 15, 2022, 8 p.m. EST?	Yes

## 2B. Continuum of Care (CoC) Point-in-Time (PIT) Count

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2022 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
- 24 CFR part 578;

- Section 3 Resources;
- PHA Crosswalk; and
- Frequently Asked Questions

2B-1.	PIT Count Date.

	Enter the date your CoC conducted its 2022 PIT count.	01/25/2022
--	-------------------------------------------------------	------------

2B-2.	PIT Count Data–HDX Submission Date.

	Enter the date your CoC submitted its 2022 PIT count data in HDX.	05/06/2022
--	-------------------------------------------------------------------	------------

2B-3.	PIT Count–Effectively Counting Youth.	
	NOFO Section VII.B.4.b.	

Describe in the field below how during the planning process for the 2022 PIT count your CoC:

1.	engaged stakeholders that serve homeless youth;
2.	involved homeless youth in the actual count; and
3.	worked with stakeholders to select locations where homeless youth are most likely to be identified.

(limit 2,500 characters)

1. The CoC Lead consulted with the local Youth Homeless Shelter regarding places they typically find transition-aged youth, the local shelter employs their own outreach team. The shelter explained that they found that youth within this geographic area typically "doubled up", they are able to find friends or family to stay with temporarily, and are not typically unsheltered. 2. No youth experiencing homelessness participated in the actual unsheltered count. 3. The Youth Shelter explained that youth will congregate at truck stops, salons, barbershops and recreational areas.

2B-4.	PIT Count–Methodology Change–CoC Merger Bonus Points.	
	NOFO Section VII.B.5.a and VII.B.7.c.	
	In the field below:	
	1. describe any changes your CoC made to your sheltered PIT count implementation, including methodology or data quality changes between 2021 and 2022, if applicable;	
	2. describe any changes your CoC made to your unsheltered PIT count implementation, including methodology or data quality changes between 2021 and 2022, if applicable; and	
	3. describe how the changes affected your CoC’s PIT count results; or	
	4. state "Not Applicable" if there were no changes or if you did not conduct an unsheltered PIT count in 2022.	

**(limit 2,500 characters)**

1. During this year's sheltered PIT, data was all taken from HMIS or comparable databases. The CoC Lead has worked with the largest emergency shelter in the community to increase the understanding of the sheltered PIT count to retrieve accurate information from the shelter. The shelter now has a system that is easier for them to pull data that the CoC requests. All other shelters within the CoC reviewed data quality and confirmed the number of people that were in their shelters on the night of the count. 2. There were no significant changes from the 2021 to the 2022 unsheltered count. During the 2022 unsheltered count, the PATH Street Outreach completed more shifts during the day and at locations where it would be difficult to determine if a person was experiencing homeless on the night of the count, i.e. dining halls. This helped to ensure that numbers were not duplicated, and people were not counted more than once. 3. With minor changes made to the sheltered and unsheltered count each year, the CoC is able to build a more reliable process and develop a more accurate picture of homelessness in Youngstown/Mahoning.

<b>2C-1.</b>	<b>Reduction in the Number of First Time Homeless–Risk Factors Your CoC Uses.</b>	
	NOFO Section VII.B.5.b.	
	In the field below:	
	1. describe how your CoC determined the risk factors to identify persons experiencing homelessness for the first time;	
	2. describe your CoC’s strategies to address individuals and families at risk of becoming homeless; and	
	3. provide the name of the organization or position title that is responsible for overseeing your CoC’s strategy to reduce the number of individuals and families experiencing homelessness for the first time	

**(limit 2,500 characters)**

1. First time homelessness is monitored through the CoC’s homeless prevention projects, a mediation service and projects that can assist with back payment of rent. These projects enter data into HMIS, and the CoC Lead is able to run reports on these projects to determine any trends or patterns. Currently, the CoC is seeing an increase in persons experiencing homelessness, and due to an increase in funding to the community, pulling data from HMIS is not giving a clear picture as to the reasons persons are experiencing homelessness for the first time. The CoC Lead is reaching out to different funders and organizations to gather information about reasons people are in need of assistance for housing. 2. At all entry points into the homeless system, alternatives are discussed with the person, i.e. do they have a family or friend they can stay with. This occurs at Coordinated Entry, entry into the Emergency shelters and when someone calls 211. The CoC is also exploring the formal process of diversion as a means to ensure that shelter space is for people that have no other options and to monitor the potential cause of homelessness. 3. CoC Lead and CoC Executive Board.

<b>2C-2.</b>	<b>Length of Time Homeless–CoC’s Strategy to Reduce.</b>	
	NOFO Section VII.B.5.c.	
	In the field below:	

1.	describe your CoC's strategy to reduce the length of time individuals and persons in families remain homeless;
2.	describe how your CoC identifies and houses individuals and persons in families with the longest lengths of time homeless; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the length of time individuals and families remain homeless.

**(limit 2,500 characters)**

1. The Mahoning County Mental Health and Recovery Board recently hired an employee who was tasked with conducting landlord engagement and maintain a list of landlords. This employee has prior experience of being a landlord and working at a PSH project. The intent of this position is to have one consistent point of contact for landlords and to keep a list of landlords that is accessible to all housing projects. It is anticipated that the landlord list will reduce the time projects and program participants spend looking for a landlord. This new employee has not been employed long enough to notice any significant changes in the length of time it takes a person to move into housing. However, they have conducted two landlord engagement events. The CoC Lead has also begun conversations with organizations about development of new affordable housing units in the community. 2. Length of time homeless is a factor in determining a household's vulnerability for prioritization for housing. 3. CoC Lead and CoC Executive Board.

2C-3.	Exits to Permanent Housing Destinations/Retention of Permanent Housing—CoC's Strategy	
	NOFO Section VII.B.5.d.	

In the field below:

1.	describe your CoC's strategy to increase the rate that individuals and persons in families residing in emergency shelter, safe havens, transitional housing, and rapid rehousing exit to permanent housing destinations;
2.	describe your CoC's strategy to increase the rate that individuals and persons in families residing in permanent housing projects retain their permanent housing or exit to permanent housing destinations; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to increase the rate that individuals and families exit to or retain permanent housing.

**(limit 2,500 characters)**

1. The Coordinated Entry program works closely with the Emergency Shelters and Safe Haven to ensure that all persons experiencing homelessness are entered into Coordinated Entry. The Coordinated Entry staff also works with the shelter staff, advocates and the homeless outreach team to ensure that accurate information is being gathered for the needs assessment. With accurate information, the Coordinated Entry project works with the Transitional Housing and Rapid Rehousing Programs to make sure that only participants who are most likely to benefit from and quickly exit from these programs are placed in them. These providers are then required to work with program participants to exit to permanent housing. The CoC also has a case management plan in place, when a person experiencing homeless is entered into Coordinated Entry, they are assigned a case manager from a CoC project. That case manager checks in with the person and helps them with getting documentation to move into housing or any other immediate need. This case manager is ensuring that the person can be contacted when a housing unit is available. 2. The CoC is working with permanent housing projects to ensure that they are adopting a low barrier philosophy and adapting their programs to the program participant needs and helping them reach personal goals. CoC projects are working collectively to ensure program participants are in the housing program that meets their need. With the help from Coordinated Entry, programs are transferring clients into housing that would be better for the program participant and in turn the program participant is staying housed longer. The CoC is also monitoring project exit destinations and addressing any concerns with an individual project. This item is also evaluated annually through the local CoC competition. 3. CoC Lead and CoC Executive Board.

2C-4.	Returns to Homelessness—CoC's Strategy to Reduce Rate.	
	NOFO Section VII.B.5.e.

	2. describe your CoC's strategy to reduce the rate of additional returns to homelessness; and	
	3. provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the rate individuals and persons in families return to homelessness.	

**(limit 2,500 characters)**

1. The CoC identifies common factors for homelessness through the Coordinated Entry assessment. Coordinated Entry staff talks with the program participant regarding why their previous housing did not work and what happened that led them to being homeless. The factors are also gathered and monitored through HMIS. 2. All projects within the CoC offer housing case management and tailor the case management to the needs of the program participants, based on the participants wants and desires. Included with case management, projects discuss with program participants long term housing goals that may be outside of the CoC and what will help them in maintaining that housing. 3. CoC Lead and Executive Board.

2C-5.	Increasing Employment Cash Income—CoC's Strategy.	
	NOFO Section VII.B.5.f.	

	In the field below:
1.	describe your CoC's strategy to access employment cash sources;
2.	describe how your CoC works with mainstream employment organizations to help individuals and families experiencing homelessness increase their cash income; and
3.	provide the organization name or position title that is responsible for overseeing your CoC's strategy to increase income from employment.

**(limit 2,500 characters)**

1. The CoC monitors program participant's increase in employment income through the Performance and Outcomes Committee as well at the local CoC application process. On a project level, case managers are talking about employment with the program participant and referrals are made based on their experience and interests. 2. The CoC Lead is a member of a new collaboration in the geographic area, Youngstown Workforce Development Coalition. The coalition was formed in July 2021 as a way to access resources and make referrals to workforce program in the community. CoC projects work with the following local organizations that provide employment opportunities to program participants. Agencies refer to: Ohio Means Jobs, Job and Family Services Workforce Supports for assistance with bus passes and childcare; Goodwill who recently received a Google grant for Microsoft training; Flying High for training to become an STNA, welder or soft skills classes. Catholic Charities Regional Agency creates and disseminates a job list for employers hiring in the geographic area. Lastly, agencies within the CoC refer to COMPASS workforce development, for program participants who do not have an employment history. 3. CoC Lead and CoC Executive Board

2C-5a.	Increasing Non-employment Cash Income—CoC's Strategy	
	NOFO Section VII.B.5.f.	

	In the field below:
1.	describe your CoC's strategy to access non-employment cash income; and
2.	provide the organization name or position title that is responsible for overseeing your CoC's strategy to increase non-employment cash income.

**(limit 2,500 characters)**

1. The CoC monitors program participant's increase in income through the Performance and Outcomes Committee as well at the local CoC application process. On a project level, case managers are talking about non-employment cash sources with the program participant and referrals are made to potential resources based on their wants. 2. Projects work with the SOAR program through Catholic Charities Regional Agency to assist in applying for social security benefits. The SOAR specialist regularly presents at the full CoC meetings to educate all homeless organizations on the role and process of SOAR. 3. CoC Lead and CoC Executive Board
